Notes & Details

Gas Griddle - 48" with Thermostatic Control.

Introducing our Gas Griddle, meticulously crafted to meet the demands of professional-grade cooking. With a robust cast iron H-shape burner configuration, each delivering 30,000 BTU/hr, optimal heat distribution is guaranteed for consistent culinary excellence.

Enjoy precise temperature management with one control every 12 inches, placing culinary control at your fingertips. The standby pilot simplifies ignition, while the 3/4" thick griddle plate ensures durability and even heat distribution for flawless cooking results.

Stainless steel adjustable heavy-duty legs provide unwavering stability on any surface, complemented by zinc alloy knobs with a chrome coating for an added touch of sophistication. Cleanup is effortless with the integrated oil collector at the bottom, while the option for easy conversion from natural gas to propane enhances versatility.

Available in widths ranging from 24" to 60", with stainless steel construction on the front and sides, our Gas Griddle offers unmatched reliability and durability for professional kitchens.

Experience tailored cooking with thermostatic control, empowering chefs to create culinary masterpieces with precision and finesse. Elevate your cooking standards with our Gas Griddle—an epitome of performance and versatility.
