## HKN-BCCG50

Item #: \_\_\_\_\_ Project: \_\_\_\_\_

Qty: \_\_\_\_\_ Date: \_\_\_\_\_ Approval: \_\_\_\_\_

### Features

Sleek design with curved glass for captivating product displays.

Energy-efficient LED lighting enhances item visibility for customers.

Spacious capacity ensures optimal freshness.

### Technical Data

Width	50 Inches
Depth	34 Inches
Height	49 1/5 Inches
Power Cord Length	98 3/8 Inches
Interior Width	46 4/8 Inches
Interior Depth	30 5/8 Inches
Interior Height	29 6/8 Inches
Amps	7.4 Amps
Voltage	115 Volts
Access Type	Doors

5-15P

ETL Sanitation  
Intertek

Instructions and images in this manual are only for reference and may differ from the actual product. Launch the E-Manual.

## Technical Data

Capacity	22.6 cu.ft.
Color	White
Display Case Type	Refrigerated
Door Style	Sliding
Door Type	Glass
Features	LED Lighting
Glass Style	Curved
Horsepower	3/4
Installation type	Freestanding
Plug Type	NEMA 5-15P
Refrigerant Capacity	5.2 oz.
Refrigerant Type	R290
Temperature Range	33 - 40 Degrees F

### ETL Sanitation

This product has been certified by ETL, a division of the Intertek Group, to meet applicable sanitation standards required for use in the United States and Canada.

### ETL, US

This product has been certified by ETL, a division of the Intertek Group, to meet applicable electrical product safety standards required for use in the United States.

### 5-15P

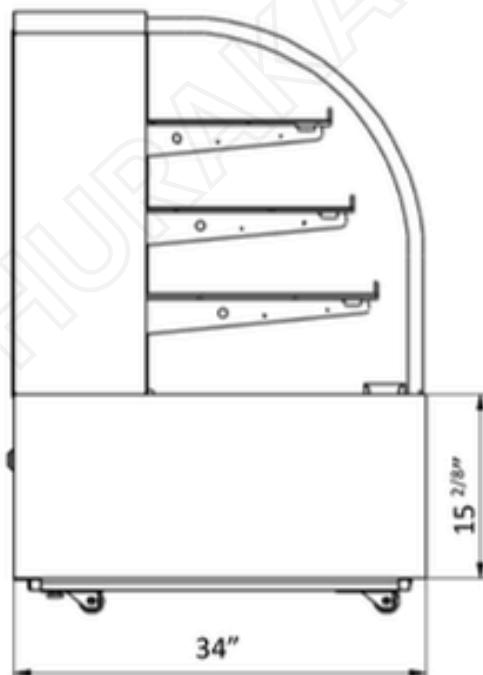

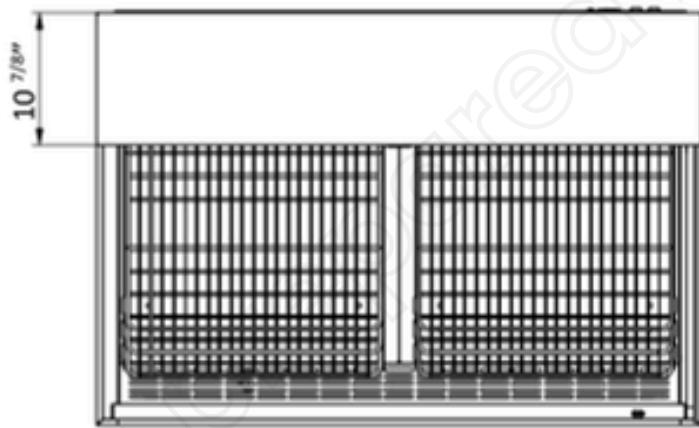

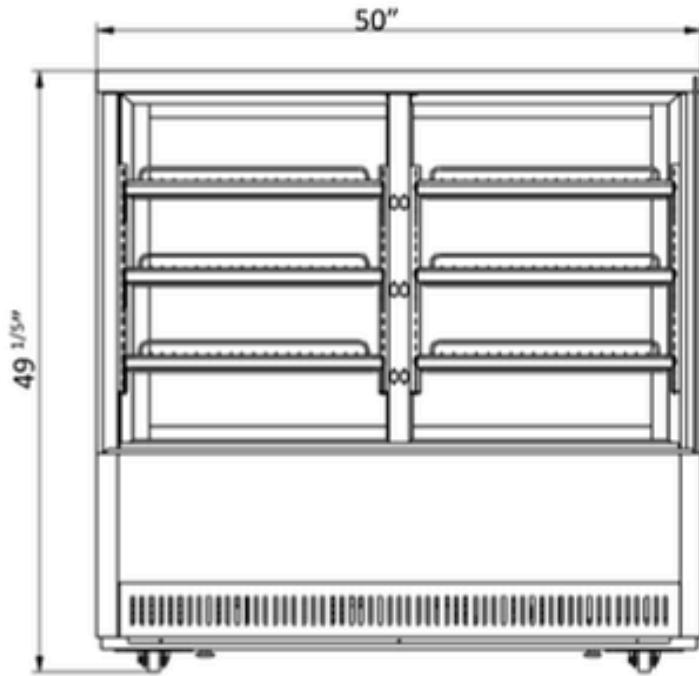

This unit comes with a NEMA 5-15P plug

Refrigerated Bakery Case  
HKN-BCCG50

## Plan View

## Notes & Details

The Hurakan refrigerated bakery cases are designed to present pastries, desserts, and baked goods with clear visibility and reliable temperature performance. Curved or flat tempered glass ensures an unobstructed view of the display area, attracting customer attention and enhancing product appeal. Bright, energy-efficient LED lighting illuminates each shelf evenly, improving visibility throughout the day.

Adjustable display shelves provide flexibility for arranging products of different sizes while maintaining a clean and structured presentation. The spacious interior is designed for high-volume merchandising and consistent airflow to support optimal product conditions.

The forced-air refrigeration system ensures even cold-air distribution across all shelves, helping maintain stable temperatures and long-lasting product freshness. This refrigeration method prevents warm spots and keeps pastries visually appealing during service hours.

Durable stainless steel construction and high-clarity glass panels provide long-term commercial reliability. The user-friendly front-glass access design simplifies stocking, rotation, and daily cleaning. Ideal for cafés, bakeries, supermarkets, and specialty retail stores, Hurakan bakery cases combine visibility, efficiency, and durability in a modern refrigerated display solution.
